1. How do I express interest in auditioning?

   Email auditions@ngct.ca to express interest or to ask any other questions.

2. What if I can not attend the scheduled audition?

   Email as above. We expect there will be opportunities for people that can not attend the scheduled audition.

3. Can I get a copy of the script before the audition?

   We are not distributing copies of the script, you do not need them. They are copyrighted materials which we provide when roles are cast.

4. How should I prepare for the audition?

   We are not asking for special preparation. You could download and complete a membership application for NGCT – the application is available on the website NGCT.CA. The audition may include cold reads, and some scenes acted with script-in-hand. Audition materials may not all come from the play.
